The information below reflects the Intergovernmental Review Submissions to the Governor's Office of Federal Assistance, the Single Point of Contact per Executive Order 12373 during the week of July 28, 2025, through August 01, 2025.

SAI#2025-684	Carson City Community Counseling Center
Description:	The purpose of this program is to pilot an integrated care approach to prevent, test for, treat, and cure HCV in individuals with SUD and/or SMI, particularly in communities disproportionately affected by homelessness. This program supports low barrier integrated substance use prevention, SUD and SMI treatment and recovery supports, and HCV/HIV prevention, testing, and access to treatment among individuals with or at risk for HCV, with or without HIV. Given the crisis of homelessness in the U.S., this program looks to especially reach communities that have been heavily impacted by the intersection of homelessness, substance use/substance use disorder and mental illness, and infectious diseases, specifically HCV.
Cost:	\$15,000,000

SAI#2025-687	Gay and Lesbian Community Center of Southern Nevada
Description:	The Substance Abuse and Mental Health Services Administration (SAMHSA) is accepting applications for the fiscal year (FY) 2025: Hepatitis C Elimination Initiative Pilot. The purpose of this proof-of-concept program is to leverage existing health care institutions' capacity to prevent, test for, treat, and cure Hepatitis C (HCV) in individuals with substance use disorder (SUD) and/or severe mental illness (SMI), particularly in communities severely affected by homelessness and to gain insights on effective ways to identify patients, complete treatment and reduce reinfection. Recipients of this program are expected to implement a holistic approach that

	integrates HCV and HIV testing and comprehensive prevention treatment, and recovery support services for SUD, SMI, hepatitis C, and HIV as needed. Through this initiative, SAMHSA aims to increase the number of individuals who are cured of HCV, reduce the incidence of HCV and HIV in grant funded communities, and help to address the intersection of SUD, SMI, infectious disease, and homelessness in high-need populations across the nation.
Cost:	\$7,500,000
