-----------------------	------------------

SAI#2025-586	LearningQ
Description:	BUILD BETTER LIVES: Technology -Driven Recovery Supports for Workplace Development The BUILD BETTER LIVES project will develop and evaluate a digital adaptive employment skills training tool to support individuals in recovery from substance use disorder (SUD), helping them achieve stability and workforce integration. By engaging people with lived experience, employers, and clinical providers, the project will ensure the tool is relevant, accessible, and effective across urban and rural settings. Through research and implementation strategies, this initiative aims to improve employment outcomes, reduce stigma, and create scalable and reimbursable solutions enhancing recovery and economic stability for long-term commercial viability of the product.
Cost:	\$2,306,800
Funding Agency:	NIH/SBIR
Funding Opportunity Link:	Funding Opportunity Link Click here
Grant Type:	Discretionary (Competitive)
Region Impacted:	Statewide
Contact Person:	Amy Fox
Type of Organization:	Small Business

SAI#2025-587	LearningQ
Description:	HOW TO USE TECHNOLOGY WITH WORKFORCE TRAINING is Phase 2 of the NIDILRR/SBIR submission, building off our Workforce Basics Certification award in Phase 1. Our outcomes demonstrated that learners enjoyed using LearningQ platform in their skills development, and sought it out over other traditional online learning programs, as well as choosing it to engage with in their free and unstructured time. We also determined a 21% improvement in skills development over a period of 8 weeks with engagement in the LearningQ workforce certification. We demonstrated microlearning is effective in skills development.
Cost:	\$574,700
Funding Agency:	NIH
Funding Opportunity Link:	Funding Opportunity Link Click here
Grant Type:	Discretionary (Competitive)
Region Impacted:	Statewide
Contact Person:	Amy Fox
Type of Organization:	Small Business

SAI#2025-588	LearningQ
Description:	LearningQ LLC in partnership with key partners will, in the course of this six-month project, develop and test a microlearning curriculum on the subject of Using Self-Determination for Success in the Workplace, to be used on the LearningQ platform. Our company's mission is to build better lives by providing access to learning, ultimately serving as many individuals with IDD who want to learn. The goal of this project is to improve access and effectiveness of workforce training skills by augmenting existing programs and independent learning, with on-demand microlearning resources and tools teaching self-determination skills.
Cost:	\$99,998
Funding Agency:	NIH
